LIGHT ON RULES
BIG ON REPLAYABILITY

You've handled plenty of rowdy customers in your time, but now your humble inn has drawn the attention of an ancient dragon. Make sure all your hard work doesn't go up in flames!

COMPONENTS

3 Dragon Cards (Black, Grey, and Red)

SETUP

Randomly select 1 dragon and place it face up next to the Bar on the standard side or the harder, Elder side. Set the other dragons aside.

GAMEPLAY

Whenever a patron Leaves the Inn, check their quirks ( ). If at least one quirk matches the dragon's irk, place the patron under the dragon and count the matching symbols on all of the cards under the dragon.

If the dragon has collected enough matching symbols (not cards), it flies over the inn and burns it down, causing you to lose the game!
